

# JOB SHADOWING ACTIVITIES

Gesamtschule Hardt,  
Mönchengladbach

Jitka Voříšková

September 12 - 16, 2022

# One Pager

A One-Pager is a single-page response that shows your understanding of a piece of text you have read, be it a poem, novel, chapter of a book, excerpt, or any other literature. It is a way of displaying your individual, unique understanding, and response to your reading, imaginatively and honestly.

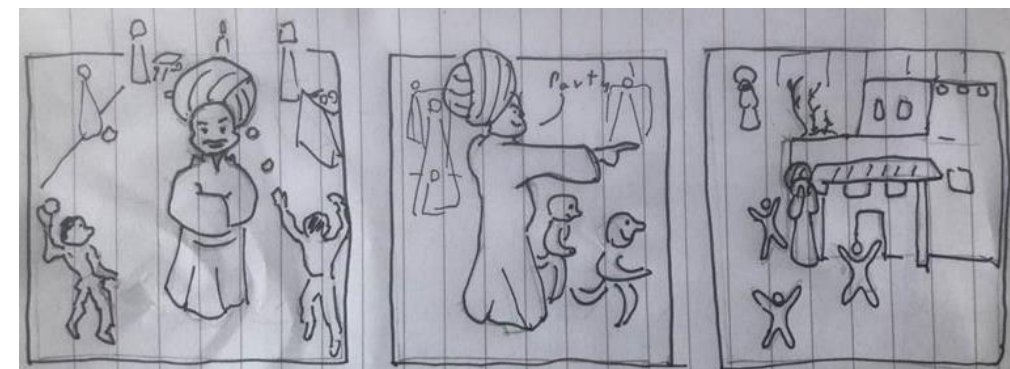

The purpose of a One-Pager is to own what you have read. We learn best when we can create our own patterns!

- rules of creation – to be practiced and presented in a workshop
- examples – will be presented in a workshop

# Making a cartoon

Make a cartoon depicting your favourite scene or event in the novel in set number of frames and then retell.

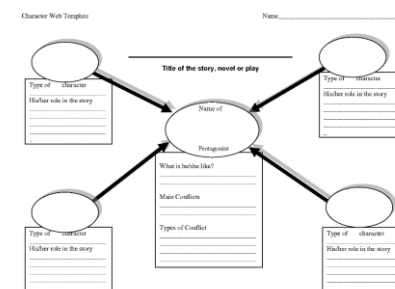

Tento projekt byl realizován za finanční podpory Evropské unie. Za obsah publikace (sdělení) odpovídá výlučně autor. Publikace (sdělení) nereprezentují názory Evropské komise a Evropská komise neodpovídá za použití informací, jež jsou jejich obsahem.

This project has been funded with support from the European Commission. This publication [communication] reflects the views only of the author, and the Commission cannot be held responsible for any use which may be made of the information contained therein.

## Relationship web

- Draw a relationship web showing the relation of all the main characters in the book (might be altered)
- a template might be used
  - will be presented in a workshop

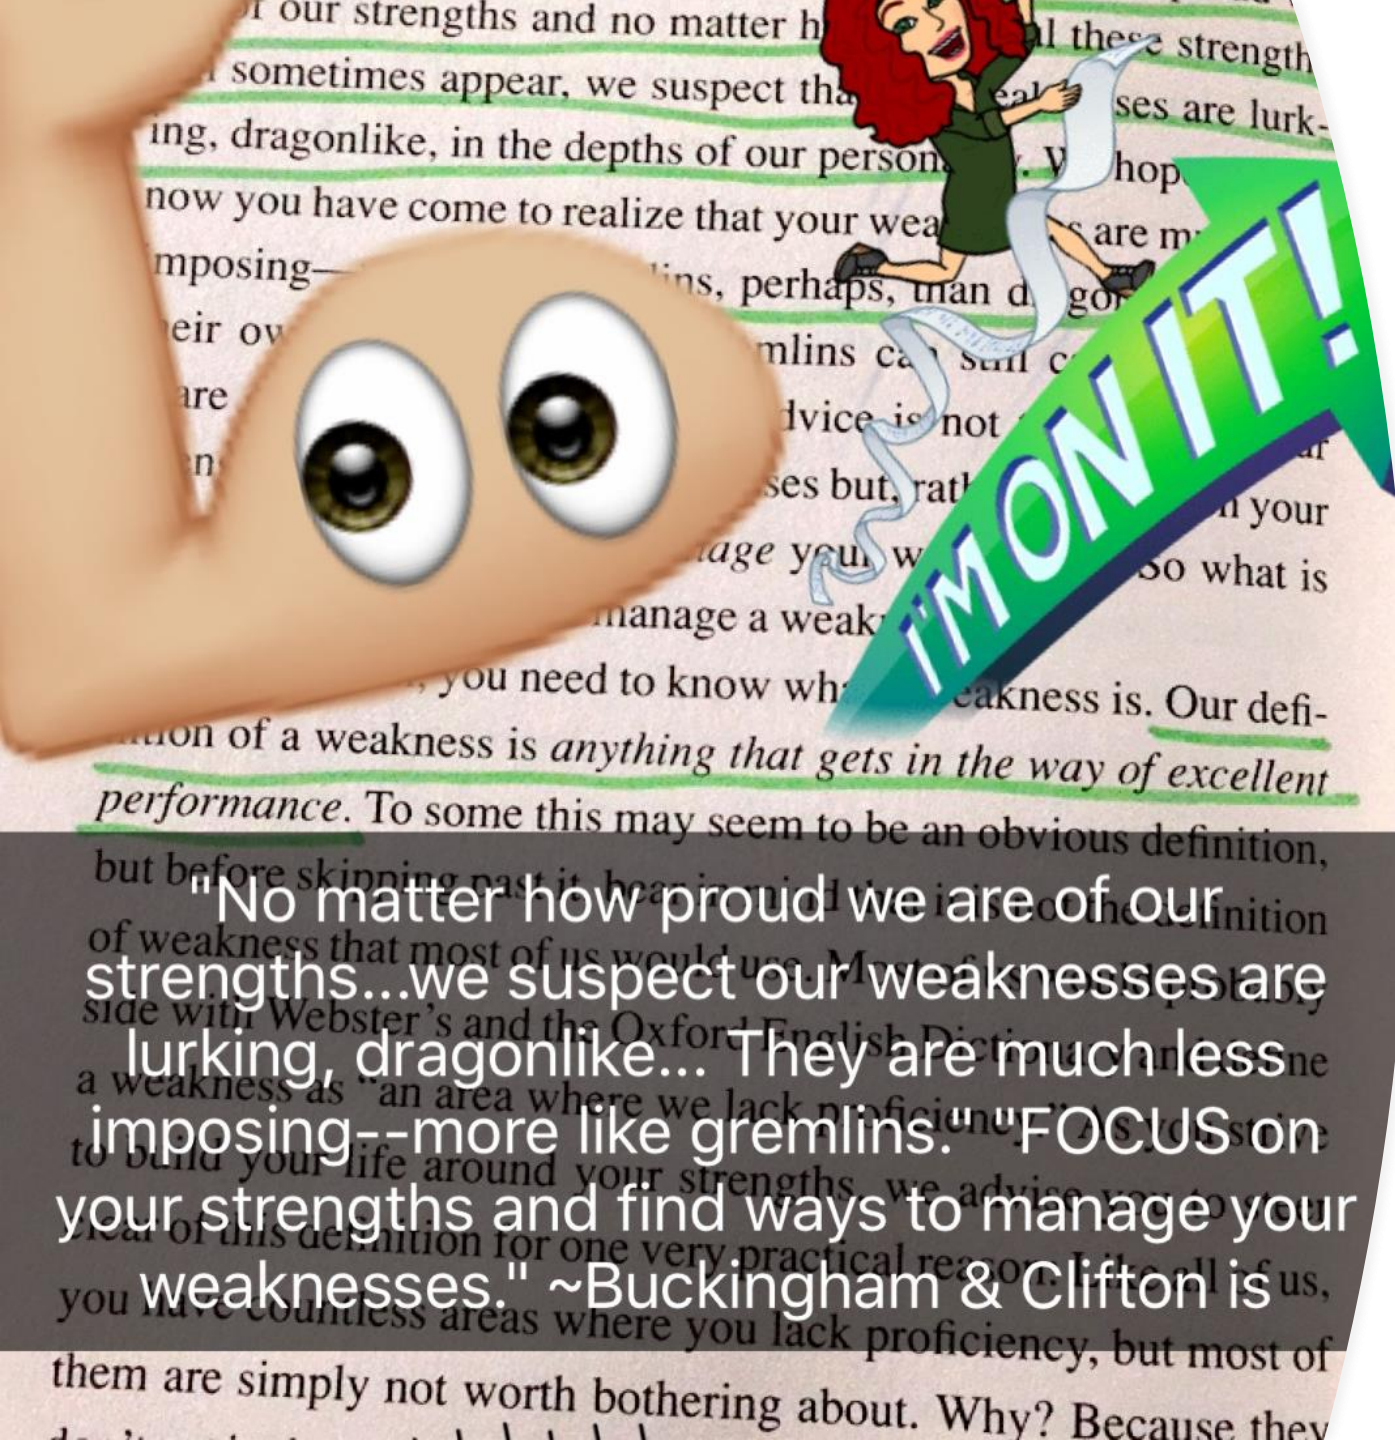

## Creation of booksnaps

### Why?

- to annotate and share excerpts of the book you are reading
- it allows the reader to connect an idea or thought by creating a digital visual representation. The visual representation solidifies the text content within the mind and signals the brain to retrieve the idea from memory.
- notate character conflict and internal struggles
- point out the main idea or a supporting argument
- it is easy! Just read, snap, reflect, add stickers, share, and repeat.
- examples to be shown in a workshop
