

# Evaluation of the stay in Slovenia

**GYMNAZIUM**  
**Jihlava**  
Jsme v obraze!

# I enjoyed ...

- the workshops we had at school, especially the cooking one, because it was fun and the outcome was very delicious.
- chatting with students from other countries, hanging out with everyone, going on trips around Litija, my hosting family
- for me the best was trip to Ljubljana and castle Bogenšperk, both of them are beautiful places with interesting history
- the activities connected with Percy Jackson (baking, art), making musical instruments, performances in the ceremonies, Kahoot games and the trip to the mine, the castle and Ljubljana.
- I really enjoyed trips with Slovenian family and trip to Ljubljana.
- I really enjoyed the whole program that the school in Litija prepared for us.
- I really liked technic workshop at school when we have been doing the musical instrument, because we do not have anything like that in our school so it was something new.

# I have learnt ...

- some basic Slovenian words and one song.
- some new information about Slovenia and Latvia.
- how to communicate with new people from abroad, make new friends, some new English, Slovenian and Latvian words, something new about living and school system in Slovenia and Latvia and something about tourist places in Slovenia.
- to be independent.
- how to improvise in English and now I'm not afraid to speak English.
- not to be afraid to talk to other people in English, because even if you sometimes say something wrong, it is not end of the world.
