16. 10. Monday - Arrival in Spain	02
17. 10. Tuesday - Welcome to Mataro	03
18. 10. Wednesday - Sports activity	04
19. 10. Thursday - Trip to Barcelona	06
20. 10. Friday - Activities at school	08
21. 10. Saturday - Departure to the Czech Republic	09

# Arrived to Spain

Our journey started at 5:30 A.M. when we have met at the train station in the center of the town Jihlava. We got on the bus and headed for airport in Prague. We arrived successfully, and we went to Terminal 2. We go through the security check without any problems, and we had some time to go through the shops. We bought a bottle of water for about 3 Euros and jumped on a plane. Even though our flight had a short delay we landed successfully. It was a little chaotic at the airport in Barcelona as we were trying to find a train station. We managed to find it and we had finally arrived in Mataró after approximately 40 minutes. The temperature differences were really shocking for us as we were leaving Prague while it was about -2 C and at the time in Mataro it was like 26 C. We met our host families, and they took us home.

# Welcome in Mataro

On Tuesday we went on a sightseeing tour of Mataró which was prepared by catalan students. We saw the town hall, which was gorgeous, Nau Gaudí, El Rengle and more. After that, some students went to play bowling and others went to the beach.

# Sports activity

On Wednesday, we had a meeting at school, from which we went with the Spanish group to the zipline activities, an hour walk from Mataró.

Before the actual activity, we had a 45 minute break, which we spent having a snack and playing different games (football, cards, talking...).

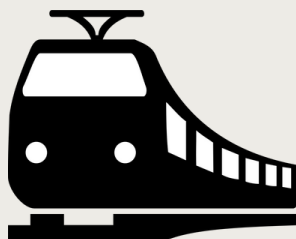

# Sports activity

We then spent approximately two hours at the zipline activities/rope center.

# Trip to Barcelona

On Thursday we went on a trip to Barcelona. We woke up as usual and met with the other people from our group at the train station. Then we took the train to Barcelona and there we took the subway to the city center. The first thing we noticed when we got out of the subway underground station was Sagrada Família. It was huge and we were very stunned by how it looked. We saw it from all sides and it looked different from each. After that we went to the subway again and went to another station. Then we went down a long street with a lot of fancy shops and some beautiful houses. After that we were walking through the city and we got 2 hours of free time. A lot of us bought souvenirs to bring home and food. At the end of the trip we went home by train. I think all of us enjoyed the day.

# Trip to Barcelona

# Activity in the school

On Friday the most of the time we were at school. We tried to program robots. We made ice cream without using fridge. At maths class we tried to do origami. In the afternoon the time went to the end and we had to say good bye. We had a picnic at the beach. It was sad for us to leave but Catalan students will visit us in February so we are looking forward to seeing them.

# Return to Jihlava

At 6 AM we set off to the airport with our families. We arrived at the airport in Barcelona at 7 and said goodbye to everyone. Our flight went all right and we landed successfully. We then waited for our bus to take us to Jihlava.
