The way people live in Spain, the positive energy

I really liked the friendly approach, the program, ...

I really liked the people, that were very open to our wants and needs, really wanted to get to know us, knew how to communicate and were extremely nice.

That we learned a lot about Gaudí and his work and architecture, also i loved the trip to Barcelona, for example we have seen Sagrada Família and it was just amazing. I also really liked that we have learned a lot about Spain and Catalunya, also i really liked their food and traditions. I'm looking forward to another collaboration with their school.

I loved everything! But one of many things was the park Güell. I love the colours and how is everything from mosaic. I like that the architecture is very different from the one we have in Czech Republic. Also I loved the boat trip and everything we did in the free time.

I really liked the program over all and how the family treated me. I'm so much grateful for being under their roof, they were such a nice people and they'll always have a special place in my heart <3

I really liked the boat trip

How my family treated me and how we spend time together.

I have learnt ...

New things about the Spain culture

I learned a little spanish words, I got to know spanish culture, new friends, ...

I have learnt that every city can feel like a whole different world even though its not that far away.

A lot about Gaudí and his work, a few new english words and also some Spanish :)

I have improved my english a lot. I learned how to make a script. I have learned something about Gaudí.

I have learnt something more about Katalonia, Barcelona, Gaudi and the culture. I also learnt how to speak to people that don't know english really well and got better in english speaking for sure.

I have learnt new and interesting information about Spain and Catalonia and I have also learnt how to play theatre and how to write a script for that

How to talk with people more.

Would you
recommend the
project to other
students? Why?
Why not?

Yes ! Because you have the opportunity to use English in a different country

Yes. Improving English, getting to know new people and places, great experiences, ...

I have met amazing people, the friends for like I would like to state, I have been to beautiful places and escaped reality for a whole six days...

I would recommend Erasmus+ projects to everybody because it is an amazing experience and a great way to practise English and meet new friends, you will also learn a lot about other countries culture and for me personally it is one of the best things of the project to learn more about their culture.

Yes! I would definitely recommend this project! You can discover a new country almost for free, meet new people, make new friends and much more.

It is a really good experience that you can use and talk about in the future. It also helps you get a lot better in English because you have to communicate a lot. Plus you get to know another country a bit more.

Definitely. Because it's very interesting experience, you create a lot of new friendships, you visit new country and also you have a lot of fun.

Absolutely yes. I would recommend it and I already did to someone, because you get to see Spain, visit amazing places and explore Spain culture so much. I think it is not for someone who is a big introvert and doesn't like to socialize.

Notes ...

I loved everything so so much !!!

Nothing.

nothing really, just THANK YOU SO MUCH
FOR SUCH AN AMAZING
OPPORTUNITY!!!!!!!!!!!!!!

So excited to see them again!

Thank you so much that you are giving
students the opportunity to participate in
this project. It's an experience of a lifetime.

Amazing and unfergetable expierence
